Fits all brands of hoses

Solid Brass/Chrome Plated Handle

Not plastic means full "ON"
insulated handle

ULTRA SPRAY VALVE

Standard on all Fisher Pre-Rinse Units the Ultra Spray Valve is proven to remove garbage off of a plate fastest with its knife-edge spray nozzle that only uses 1.15 gallons of water per minute. The improved heavy duty lift pin and solid brass/chrome plated handle guarantees that this spray valve will perform up to 1 million cycles. Consistent performance, durability and designed with efficiency and least environmental impact regarding our product, processes and packaging in mind, Fisher pre-rinse spray valves are the perfect spray valves in any foodservice operation.

Guaranteed for 1 Million Cycles
