Low-Profile Pre-Rinse Systems

38" – Standard Height Pre-Rinse Unit

Model #2210-WB

22-1/8" – Low Profile Pre-Rinse Units

Model #73353

Where overhead space is limited, Fisher Low Profile Pre-Rinse Units are the answer. Each features the same quality engineering as standard height Fisher pre-rinse systems, but they are much shorter for installations with limited space.

- ① **High performing Ultra-Spray®/PLUS Valve** – 1.15GPM @ 80 PSI. WaterSense Certified; Fisher guaranteed for ONE MILLION Cycles.
- ② **Spring-Style Wall or Deck Mount Models** – fits practically installation need.
- ③ **Add-On Faucet Available** – for additional convenience.
- ④ **Standard 22-1/8" Low Profile Height** – 25" hose to reach all areas of the sink
- ⑤ **Integrated Snap-In Cleaning Brush**
- ⑥ **Integrated Snap-In Cleaning Brush**
